

AI Strategy and Digital Transformation

Turn AI interest into a focused portfolio of use cases, governance decisions, operating changes, and measurable pilots.

What We Help With

Alliance Works supports leadership teams that need clarity before investing in AI, automation, data platforms, or broader transformation programs.

- AI readiness and opportunity assessment
- Use case prioritization and pilot design
- Governance, risk, and adoption planning
- Digital operating model and implementation roadmap

Example Engagement

A focused six-week roadmap sprint can identify high-value AI use cases, rank them by feasibility and impact, define ownership, and prepare a pilot plan for executive approval.

Fast Engagement Paths

Match the first conversation to the maturity of the project.

Early Idea

Clarify the problem, stakeholders, risks, and advisory scope.

Defined Opportunity

Run a strategy sprint, opportunity assessment, or roadmap process.

Active Procurement

Assess fit, assemble expertise, and support proposal preparation.
