

Smart Cities and Infrastructure Advisory

Shape urban innovation programs that connect technology, public value, delivery governance, and stakeholder alignment.

What We Help With

We help cities, agencies, developers, and partners make smart city initiatives practical and investable.

- Smart city strategy and initiative prioritization
- Urban data, mobility, and connectivity planning
- Public-private partnership and governance models
- Citizen experience and digital service alignment

Example Engagement

A smart city strategy sprint can align leaders around priority use cases, target outcomes, enabling technology, governance, and a staged implementation plan.

Fast Engagement Paths

Match the first conversation to the maturity of the project.

Early Idea

Clarify the problem, stakeholders, risks, and advisory scope.

Defined Opportunity

Run a strategy sprint, opportunity assessment, or roadmap process.

Active Procurement

Assess fit, assemble expertise, and support proposal preparation.
